2.1 Multimedia Speaker System

Conceptronic brings you a new perception of sound! The powerful CSPK21 2.1 multimedia speaker system! The system has a 30Watt active subwoofer with a very deep bass. The 2x 10Watt, 2-way satellite speaker design does not only look great, the combination provides you with a very realistic and natural sound. Thanks to the sleek and flexible design you can have it standing on your desk or hang it on the wall. The built-in volume control and line input in the satellite speaker makes it very easy to control them on your desk and listen music directly from your MP3 player, without having the PC turned on! So Lounge'n'LISTEN to music or enjoy the sound effects while playing games!

Highlights

- Directly plug in your MP3 player to listen to your songs
- Sleek & flexible design for wall mounting & desktop use
